Additional comments

I would like someone to contact me to discuss. The issue I have is that the cats are being fed multiple times a day (overfed) so the food left on ground is drawing racoons & other wildlife during the day which I have photos of. These cats are being fed on the church property across the street from my home & I do not know if the feeder has written permission or not, but as a resident, I am concerned about the wildlife who are also hanging around knowing food will be there.. I did receive a deterrent from your program probably close to a year ago but it was stolen from my property.
