Additional comments

The cats are sweet, friendly but timid. They are not safe in my neighborhood, people want to hurt them and poison them. I feel bad for them. They look like they want to come in and be taken care of, but they are scared of my dog. They have been neutered before, they are a family of three young females and their mother. The mother looks like she was left behind from someone, they don't know how to hunt and act like housecats, we need four cages to trap them in and then we can bring them in. Please Help. Thank you!
