Just a few more questions...

How long have you had the animals?

5 + years

Reason(s) for concern - click all that apply.

- behavior
- conflict with others

Other reason not listed

Cost of ruining carpet and furniture from consistent uncontrollable peeing

How we can help you keep your animals?

We can not keep this pet. She is destroying our home and we do not have the means to keep replacing furniture and carpets. We have tried to re-home her for 2 years and placed her on Adopt-a-pet rehome site with no luck. We strongly believe it is a conflict/stress issue with our 3 dogs. The fact of the matter is we have been trying for 2-3 years to find her a home with no other pets, but have not been successful and we can no longer keep doing this. She is friendly and good with children, just no other pets. Please help.

1/27/23-Spoke to Ms. Hash about her cat that she was wanting to surrender. She adopted the cat from us approximately 5 years ago. She told me that she has been urinating all over the house (destroying carpets and furniture) for the last 2-3 years. She has not been to the vet about it and believes it is a behavior thing due to 3 dogs being in the house. She did not mention any other beh or med issues. I told her that we cannot guarantee adoption for the animal depending on beh and med once it is in the facility and 300 is a possibility when coming in. She said she understood and made the appointment. BF
