Just a few more questions...

How long have you had the animals?

5 + years

Reason(s) for concern - click all that apply.

- behavior
- cost of vet care
- no time for care

Other reason not listed

She barks all day and I live in a community and I can't keep having her bark as that bothers the neighbors.

How we can help you keep your animals?

I really want her to go to a good home that they're going to love her. And take close care of her all day and show her lots of time and affection. she likes food and in a couple days will get used to being around that person. And she's a good dog once she gets to know someone.
