Can't find place a that allows dogs

How we can help you keep your animals?

I'm trying to find a new place that can accommodate me and my pets I have 2 dogs and 1 cat , and right now I'm struggling to find a place that will let me rent with that many pets. The shelter has always been my last resort but right now I don't have a choice, I don't have a safe place to house them I've ask for friends and family to just let me use their backyard or back patio to house them their while I'm gone for work and I would have cover the food and care cost for them to be walk I had all of it covered with hired dog walkers / play dates on the days I would get out of work late. Also looking into if possible doing boarding program so that can have a little extra time to sort things but right now I don't have anyone to turn to while I sort things out and I do want to keep them no matter the cost but right now they are staying at my sisters house and she can't continue to keep them there for me because she has a no pets agreement on her lease. I don't have a place to take my dogs to right now and I'm out of options. My email is Santiagojuleus@gmail.com #352/587/4757. Please feel free to contact and let me know what I could possibly do to keep them in my life because right now I'm getting pretty desperate and my resources have been exhausted.

Admin notes

3/6/23- Called the owner and cannot have the dogs due to moving where they are not allowed. The owner stated that he is good with children, cats and other dogs and has never bitten anyone. I told him to try and rehome him through social media, friends, family etc. I also said to get in contact with rescues. I made him aware of our policies and cannot guarantee the outcome of both animals. AM
