Outcome data

Admin notes

5/2/23- Called the owner and she stated that the female Rotty is going after her older Rotty and she is going to get Nala spayed and see if that fixes the problem but I told the owner that with the behavior of going after other dogs in the home it would be, for a 300 appointment and the owner understood. The male Rotty the owner stated does not have any behavior problems or medical issues and is very sweet. I did explain to the owner that we could not guarantee the outcome but with see if the male is adoptable. AM
