3 - 5 years

Reason(s) for concern - click all that apply.

- behavior

Other reason not listed

Resource guards constantly, extremely paranoid which leads to aggression over my other dog and people.

How we can help you keep your animals?

I have tried for many years to work with my dog and nothing seems to work. She has always lived inside our home and has been treated well, but she seems to have been born with a personality that we can't seem to change. Due to our lack of trust in her and the safety of our new baby in the house, we are out of options and no longer wish to keep her in our home.

Admin notes

5/25/23 Called owner and was informed dog has attacked the other dog in the home. Growls when she is eating her food and anyone/thing is around. Owner just had a new baby and fears something will happen to the child. I explained to him with the behavior he is explaining about the dog, the dog would need to be humanely euthanized. He said that he will speak with his wife and call us back. c. wildermuth
