How we can help you keep your animals?

As much as it hurts my heart, I need to surrender the 2 Labs as my husband illness continues to progress. I can no longer provide the care and attention they need. I can provided all their AKC registration info, their medical history, leashes, food, scarfs, tools and beds. Both pets are trained and both are house pets. They love attention, playing and are wonderful family pets.

Admin notes

6/9/23 called and spoke to the owner and she said her husband has become very ill and between taking care of him and working she cannot properly care for the dogs. she is going to post them on social media and is going to contact rescue groups, she has not done this yet due to lack of time. she is aware of our policies and that we cannot guarantee an outcome for her dog DM
