Admin notes

7/14/23 called and spoke to the owner and she said that her daughter just randomly started to break out in a rash, and she couldn't figure out why, so she took her to the doctor and found out that she is allergic to the cat. she has posted the cat on social media but has not reached out to rescue. she is going to reach out to the rescue groups while she awaits her appointment. she is aware of our policies and knows we cannot guarantee an outcome for her cat DM
