Just a few more questions...

How long have you had the animals?

3 - 5 years

Reason(s) for concern - click all that apply.

- allergies
- moving

If moving, why can't pet(s) go?

The dog is my daughters she was in college. She came home with the dog for a bit. We realize how allergic my son is to him and it is triggering his asthma and creating health issues. My daughter is now leaving again to college and she cannot take him because of her school schedule and work schedule. She will not be able to care for him, therefore I have no other option

How we can help you keep your animals?

Nothing I can think of that's going to stop my son from getting sick if I could Sampson my backyard and put a house out there for him then fine, but that would be my only solution if I was keeping him but I can't afford that
