Reason for surrender

Our dog has seem to become irritable with us and our other dogs. We have had him since he was a 9 week puppy. He is trained but has gradually seeming more tempermental these past 3 months. We have two young kids and are not willing to risk their safety. It has become a trust issue before something potentially happens.

My current living situation is...

I have a stable home.

I have read and understood the pet rehome statement.

Admin notes

9/12/23 Owner stated dog is chest growling randomly at them and stalking the husband in the house when going to bed and growling. Owner has small children in the home and is worried something will eventually occur. It was deemed if the dog comes here, he would be humanely euthanized. Owner stated he would like to talk over all information with his wife and would call back for final outcome. C. Wildermuth

10/3/23 Owner called back and said they are going to try and keep the dog. they got him neutered and contacted a trainer that he is starting to see next week. so, he no longer needs our services DM.
