- behavior

- conflict with others

How we can help you keep your animals?

We've made so many attempts to curb the aggression and make him more friendly and loving and it's not working. We don't feel that it's safe for us to continue trying. We can't pick him up to put him in a carrier to go to the vet so we can't get him updated shots or make sure that he is healthy, he has bitten in the past for being picked up. Our fear of him is truly diminishing his quality of life, despite how much we try to love him.
