How we can help you keep your animals?

Roger is fixed, microchipped and up to date on all vaccinations. He's been medicated and cleared of hookworms. He showed up as a stray in our backyard before Christmas and we took him in thinking he could get along with our 3 other cats, but does not. We contacted his former owner but they would not take him back, citing a new child. Roger spent the last 2 years outside, and currently attacks our cats. We've tried everything, including calming sprays and foods, harnesses, and keeping him separated from our cats, but cannot keep him separated much longer. He needs a home with no other cats. He's great with humans and children.
He was originally adopted from Osceola or Orange county animal shelter. The original owners got him from there.
We've listed him on adopt.a.pet.com and several other websites. Please advise.
