Reason for surrender

The reason for the surrender of my pet is due being away from home practically all day due to work and mot being able to care for her like she deserves. Before it got to this point someone was home most of the time to take care of her. I feel like she's being neglected and it's not fair to her. I've tried to rehome her but became skeptical due to looking further in to the potentials motives for her. This was my last resort. I'm sadden of this but my times away from home is not good for her

My current living situation is...

I would rather not say.

I have read and understood the pet rehome statement.

yes
