Just a few more questions...

How long have you had the animals?

5 + years

Reason(s) for concern - click all that apply.

- behavior
- conflict with others

Other reason not listed

Will severely bite if he is not interested in doing what you want him to do

How we can help you keep your animals?

There is no option in keep him. I have tried for 9 years to be patient with him. I currently have cancer and his behavior is intorerable. He knows his commands but if he doesn't want to obey he won't. If he has something is not suppose to have he shows teeth and will bite. He also does this when I'm trying to get him into the house and he doesn't want to. I can't touch him without fear of biting. I would be afraid to rehome him the children. Male dogs, he nips at them.
