Just a few more questions...

How long have you had the animals?

5 + years

Reason(s) for concern - click all that apply.

- allergies
- moving

Other reason not listed

My husband’s pulmonary system was injured at a factory job and he has ongoing breathing and allergy problems, both my 2 & 3 year old are contact and airborne allergic to cats.

If moving, why can't pet(s) go?

Because of all the allergies and my husband has been hospitalized from them once before.

How we can help you keep your animals?

They are both such social creatures but I can’t keep them anywhere near me or on our house. They need physical love i can’t give them anymore without my husband or babies going into anaphylaxis. I hate to part with them but they have no life right now and they just want love so badly.
