Just a few more questions...

How long have you had the animals?

4 months to 1 year

Reason(s) for concern - click all that apply.

- conflict with others
- no time for care

Other reason not listed

Has separation anxiety and can get jealous of other dogs if you're attention is on the other dog

How we can help you keep your animals?

Unfortunately nothing. My husband and I just don't have the time that she deserves due to her separation anxiety. We're also concerned about our Frenchie. He can usually hold his own, but it's gotten to the point where one of them would have to be in their crate so the other can have "out" time. And because we tend to her needs more, our Frenchie has been feeling neglected.
