ADDITIONAL COMMENTS ABOUT THE ANIMAL

Hello, I apologize. I did submit another found animal form but I did not include the information of their owner. I live at 1736 Orange View Way I have two large American Staffordshire terriers who run loose in my backyard which is fenced. The owners live at 1712 or 1718 Orange view way as I've seen the dog at one of those houses when driving in before. I had just come back from outside with my dogs and saw out of my front window the small dog running into my backyard through a very small opening in the fence. Attached our photos. I'm looking out for the well-being of their dog and I feel they need a reminder to keep their dog, locked up and to wear a tag.
