ADDITIONAL COMMENTS ABOUT THE ANIMAL

I found the dog at the above address. In the parking lot of my doctors office. I had finished my appointment and headed to the parking lot to get into my car when I saw the dog. He came straight to me and started playing very lovable and playful dog. I waited a little to see if some was looking for him. Called oceola county and was given instructions. I took the dog to the nearest veterinarian to see if the dog had a microchip and he doesn't. He is at my home not. He's feed and gave him a bath.
